Man Arrested Tuesday In Hit And Run Killing

Following an extensive investigation by the Coffee County Sheriff's Department, Department of Public Safety, Elba police, and with evidence gleaned by the Department of Forensic Science, the Alabama Bureau of Investigation (ABI) filed a charge of murder Tuesday afternoon in the death of David Hoyt Richardson, 20, of Elba.

Filing murder charges against George Stephen Hudson, 28, was Officer Steve Weekly of the ABI. He was assisted in making the Tuesday afternoon arrest by Cpl. D.H. Parker of the Department of Public Safety. Hudson was released on a \$10,000 bond later that afternoon.

Richardson was apparently killed in a hit-and-run accident Saturday morning on Coffee County Road 11, 1.7 miles

east of Alabama 189 near the Stinson Community.

According to a news release from the Department of Public Safety, Hudson was arrested in the vicinity of his residence about 3 p.m. Tuesday. The murder warrant read that he "recklessly engaged in conduct which manifested extreme indifference to human life and created a grave risk in death to a person other than said George Stephen Hudson and then did cause the death of David H. Richardson by running over him with a motor vehicle in violation of title 13-A-6-2 of the Code of Alabama."

The body was discovered at 5:15 a.m. Saturday by Tommie Sherman of Route 1, Glenwood, who works the night shift at Dorsey Trailers in Elba. Sherman said the reason he was passing

by at that time of the morning was because he had stood around after work talking with fellow employees.

Sherman stayed at the scene while another passing motorist went to the nearby home of Fred Oglesby to report the accident to the Elba Police Department.

Initial investigation revealed Richardson had been to a mobile home in the Stinson Community after midnight where his estranged wife, Sheila, was staying with her mother, Mrs. Odessa Moore. Family members told Sheriff Brice Paul the victim went around to several windows of the trailer attempting to get in, and they finally convinced him to leave around 2:30 a.m. They watched him walk down the road until he was away from the security light in front of the trailer. Mrs. Moore reportedly told officers she later heard a loud car speed up and go down the road but then heard nothing else.

Officers began contacting all known acquaintances of Richardson's, trying to determine how the accident occurred. Several hours were spent talking with people who Richardson had told law officers earlier had beaten him. He reportedly told his mother-in-law and brother-in-law the same thing shortly before he died.

Investigators found a set of homemade brass knuckles on the highway near the body. The accident occurred several hundred yards from his in-laws trailer.

By Sunday morning law enforcement officials began piecing together evidence which indicated that it might have been a planned murder. State troopers began a house-to-house investigation in the vicinity seeking someone with information that would develop this theory and discovered that Hudson may have been in the area shortly after 2:30 a.m. After questioning Hudson Sunday afternoon, officers obtained his permission to search his 1975 Chevrolet and they discovered hair, blood, bits of flesh and skin that appeared to match that of Richardson's.

Hudson reportedly told investigators he had been to a "beer joint" Friday night and did not remember anything until he woke up at home the next morning.

Hudson continued to deny any knowledge of the accident and was released pending closer examination of the evidence and an autopsy report on Richardson's body. After the report was received Tuesday, a warrant was signed and Hudson arrested.

The autopsy revealed that the victim's spine was broken, which could have caused death in three to five minutes. There was also severe damage to the skull and brain. Investigators found Richardson's billfold with a \$20 bill tucked inside, 36.5 feet down the road from his body. Also scattered along the road was a belt, comb and one shoe was in the grass beside the highway.

The vote was taken without Councilman Sonny Inman, who abstained from voting after he discovered the proposed property is still owned by his brother-in-law.

The other four councilmen, Kennett, Sharpless, Hawkins, and Trammell voted to stay with their original recommendation while Mayor Bob English voted against it.

The meeting adjourned with the citizens group awaiting the outcome of housing authority's meeting which was scheduled to be held last night.

A building permit was issued to the builders on Tuesday, according to a city hall employee. English postponed issuing the permit Monday because of the planned council meeting.

Search Still On For Prisoners

Four inmates who escaped last week from the Coffee County Jail in Elba are still at large, Sheriff Brice Paul said as of early Wednesday morning, none of the men had been found, but the search is continuing.

The prisoners apparently jammed a lock on their cell door last Monday before dawn and then sawed through a padlock on a fire escape door.

They allegedly stole a pick-up truck from Elba Tractor Company to use in their escape. The truck was found Saturday hidden in the woods off Hwy. 331 between Opp and Florala.

The escaped prisoners are John Leech, a 23-year-old white male; Ronnie Snow, also 23 years old and white; Steve Carter, a 30-year-old white male; and Daro Dale Moore, an 18-year-old black male.

Cpl. Parker talks with Tommie Sherman

Citizens Complaining About Complex

The Elba City Council met Monday night in a special session to hear complaints from citizens opposing the construction of a Section 8 government subsidized housing complex on four acres of land behind the Little Beaver.

Approximately 25 citizens were at the meeting to protest the project and a recommendation by the city council that the Elba Housing Authority act as agent for the builders in floating tax-free bonds.

The citizens were told that the project has already been approved by the previous administration and the federal government. Councilmen said the only decision left is whether to follow the recommendation of HUD and use tax-free bonds and give the housing authority some control over the area, or turning down this method and allow the builders to construct and maintain the 30-unit complex without any housing authority control.

School Worker Drowns Monday

A 22-year-old employee of Elba Middle School was found dead Monday in a swimming pool at an Andalusia motel.

Willie C. Head's body was discovered in the pool of the Key Motel two miles north of Andalusia, by motel manager Glinda Boone.

Covington County authorities are still awaiting the results of an autopsy to determine the exact cause of death. They are presently considering it as an accidental drowning.

Head, who lived near Danley's Crossroads, had worked as a janitor at Elba Middle School since last December. According to school officials, when Head did not come to work Monday morning, they began to worry that something might be wrong since he was rarely absent from work.

Ms. Boone told Covington deputies that Head checked into the motel Sunday afternoon and motel employees began looking for him when he did not check out Monday. According to her statement, she saw the man in the pool area at 4 a.m. Monday. Ms. Boone said he was fully clothed and jumping on the diving board. She also said she thought he had a beer can in one hand. Investigators later found empty beer cans in Head's motel room and truck.

Crime Lab experts examine Hudson's car while Coroner Fred Moore looks on.

Housing Authority Delays Action On Apartments

The Elba Housing Authority met on Wednesday night, Aug. 26, in the conference room at the Morrow Village office, and postponed taking any action on an apartment complex to be built on Highway 84 West, in Elba.

Present at the meeting were Housing Authority Executive Director Mary Flowers and board members Paul Morrow, John Shipman, Maxie Bruce, Alvie Galmore and W. H. Scarrough. A group of six citizens were also present, as were builders Ross Cotter and Marvin Cotter.

The purpose of the hastily called meeting was for the authority to approve the building of the apartment complex and to approve the sale of tax exempt bonds to be used in financing the project. By selling the bonds, the local housing authority would have complete control over the upkeep of the apartments. However, the citizens present voiced opposition to the location of the complex, and routine approval expected by the Cotters never came.

"I got a call from Mayor English this afternoon," stated board chairman Alvie Galmore, "and he requested we postpone voting on the proposal tonight. He said there were some questions that needed to be answered about the project before we take any action."

When asked to explain just what was going to be built, Ross Cotter answered "These apartment structures will be nicer than any apartments in Elba. Approximately 21 months ago HUD (Housing and Urban Development) officials came to Elba and deter-

mined there was a need for additional housing in the city. Our project was accepted and we are ready to start construction. What will be built is a 30-unit complex, consisting of 10 townhouses and 20 standard apartments. The townhouses will be two-story buildings, while the apartments will be one, two and three bedroom structures. As owners of the project, we have two methods of financing: 1. tandem, and 2. tax-exempt bonds. If we have to use the tandem method we will assume full control of the apartments, but if the bonds are sold the Housing Authority will be in charge. It will be nice housing and it has been approved by HUD. The apartments are going to be built, the only question is financing."

The citizens stated that if HUD was not involved they would not object, but said the location of the apartments was near their homes, and they were afraid the complex would lower the value of their homes.

Cotter told the citizens the units would rent for \$300-\$400 a month, but admitted the rent would be federally "If the board doesn't vote tonight to take part we will go through the tandem method and the local authority will have no voice in the operation of the apartments," declared Cotter. "We will break ground within three months."

The citizens group again spoke up, expressing concern that the federal subsidy would favor the low income families. "If the rent was as high as you reported we would have no complaints," said a citizen, "but when you start giving subsidies, a family

could end up paying only \$50 a month rent. That's a long way from \$300 a month. We are concerned that lower income families will move in and in a couple of years the apartments will become run down, downgrading the value of our residential area. Would you want the project in your neighborhood?"

"This board thought all property owners in the area knew of the apartments and were in favor of it," said board member Paul Morrow. "I think we should delay action until we can talk about it. The board felt the city government should know all about the proposed project and that was why it was discussed at Monday night's meeting. However, I don't believe they knew of these objections. If the town wants it, I'm for it, but I'm not in favor of it now due to the opposition here tonight. I would like to postpone action until Monday, Aug. 31, so we can discuss the matter more with the city."

"You've been against the project all along and everybody knows it," snapped Cotter. "We can't wait."

Elba Girl Dies In Car Wreck

Stephanie Johns, age 19, a 1980 graduate of Elba High School and a student at Troy State University, died on Friday afternoon, Aug. 28, in the emergency room of the Elba General Hospital of injuries sustained in an automobile accident.

The accident occurred at approximately 3:00 p.m. on Highway 87 North (Troy Highway), near the home of Mr. Babe McCollough. According to witnesses at the scene, a tractor driven by Scott Boutwell was traveling south on the highway and was attempting to make a left turn into a field. A 1976 Ford Mustang, driven by Debbie Williams, age 19, of Elba, in which Miss Johns was a passenger, attempted to pass the tractor and apparently left the roadway, overturning at least twice before coming to rest rightside up 50 yards from the point it left the highway. Miss Johns was thrown from the car, which reportedly rolled over on her during the resulting action, doing what proved to be fatal injury to her chest area. The victim was treated at the scene by the Elba Rescue Squad, and was conscious, though in extreme pain. She was rushed to the Elba General Hospital, where she died moments later in the emergency room.

Miss Williams was treated at the scene and also taken to the hospital, but suffered only minor injuries.

Scott Boutwell, the driver of the tractor, told the Elba Clipper at the sight of the wreck that he saw the car coming up behind him, but thought it would slow down. When it started to pass he stated he jerked the tractor to the right to miss the car, which then went off the roadway and flipped.

No charges have been pressed in connection with the accident.

Rescue Efforts Futile...Members of the Elba Rescue Squad work frantically to save the life of Stephanie Johns at the scene of Friday's accident. Miss Johns was transported to the Elba General Hospital, but died of injuries sustained in the wreck.

POOR ORIGINAL

Brainstorms

BY: FERRIN COX

Last week we heard of Representative Jimmy Holley's friends accusing him of becoming much too involved in solving the problem of overcrowding in the county jail. Four inmates had just escaped from the jail, stolen one of Holley's trucks and left the county. These so-called "friends" of Jimmy's speculated that he had given them the hacksaw blades, and instructions on how to get to the tractor company and the truck. This would surely solve the overcrowding; but even with Jimmy's deep devotion to the taxpayers and our automatic suspect of all politicians, we don't think his years in late-night legislative sessions or smoke-filled back rooms would fog his mind that much! Even so we joined in the verbal abuse of Holley because it was one of those rare times when he was unable to retort with a catchy denial or counterclaim.

The proposed housing project behind the Little Beaver has stirred some tempers in Elba during the past week. Residents of the Clark Subdivision have met with housing authority members, city council, and circulated petitions opposing the project. Also at least some members of the housing authority tend to oppose the privately-owned project because the approving agency (HUD) had turned down a similar project sponsored by the housing authority itself. Seldom would those opposing the project listen to statements from the builder, housing authority or city officials who tried to explain that the only question was "how it would be financed," not "if the project would be built on the designated property."

We see our friends opposing the project and understand their concern, but salute the city council for taking the stand and sticking with it. If an undesirable situation exists, it is better to have some control over occupants and maintenance than to turn our backs in a fit of rage, and for the next twenty years sit by and watch helplessly if things don't go as promised.

The Public Service Commission not only turned down a rate increase for Bell Telephone, but ordered a reduction in rates. We like to see something go down for a change, but doubt this will hold up when it gets into court. The immediate reaction around the state of Alabama was the thought that the rumors are true of Commissioners Billy Joe Camp and Jim Folsom Jr. getting ready to face the voters in something or other next year.

Coffee County folks faced a rash of violent deaths during the last few days. Several killings, a drowning and a couple of traffic-related deaths made headlines from Friday through Monday. We hear ideas of various reasons including the phases of the moon. We wonder just why we have so many at one time.

The traffic death of Stephanie Johns was especially touching to us and to many others. She was young, popular and well-known to our staff because of her involvement in so many good activities. She impressed us as one who would only be involved in well-intended projects, and the record proves she worked at doing the best job possible on those activities in which she chose to participate. We share the sorrow of all who have suffered a loss during the past week, but especially the family of Stephanie Johns because we watched her grow up, liked her personality and she respected her for her abilities and the high standards she chose for herself and her projects.

Politics is warming up around the state and the rumors are moving even faster. One rumor persisted until we checked with Senator Miller about his intentions. He assured us he was not at all interested in running for, or even being, lieutenant governor. Miller pointed out that the time this position demands would take him away from his family more than he would care to be away.

The problems in Iran continue to make headlines. It seems that every time one side kills a person who opposes a particular viewpoint, one of several other "sides" kills someone in return. "An eye for an eye and a tooth for a tooth." We doubt if any of them is right in our eyes, but then, it ain't our business until it starts affecting our way of life. The oil situation and/or the danger of the spread of the Russian rule are two real reasons for us in America to watch the day-to-day happenings in Iran.

We haven't mentioned our fishing in this column for several weeks. The reason is that we ain't been fishing in several weeks. We have some friends who are reporting some good catches of bream, but we can't verify that ourselves. Fishermen who fish Coffee County Lake must either find somewhere else or sit at home, because it is still closed and will be until at least October 1. We were reminded this week that when the bullies get ripe it is time to fish for bass in the river. Well, they are ripe NOW!

BACK TO WORK--Summer break is now a part of the past for local teachers and students, and once again they find themselves adjusting to another year of teaching and learning. However, many instructors and their pupils did not spend their entire summer relaxing, but used the break to attend workshops and conferences that may be beneficial to them during the school year. Betty Tucker (right), cosmetology instructor at the Coffee County Area Vocational Center, and Beth Henley, a cosmetology student from Zion Chapel and district parliamentarian of VICA, attended the fourth annual Vocational Industrial Clubs of America (VICA) at Mississippi State University during the first week of August. The main purpose of the conference was to prepare regional and state VICA officers for upcoming leadership responsibilities. Both Ms. Tucker and Miss Henley received Statesman Awards during the closing awards banquet at the conference.

Elba Gets New Residents

There is a new couple in Elba, Gary and Nia Lackey have just moved to Elba from Tuscaloosa, where they both attended the University of Alabama.

Gary received his Bachelor of Arts With Honors in Political Science at the University of Alabama in Huntsville in 1978, and his law degree from the University of Alabama School of Law in May 1981.

Nia received her Bachelor of Arts in Communication at the University of Alabama in May 1980.

Gary is house counsel for National Security Insurance Company, where he began work in June.

POLICE DOCKET

The following are actual excerpts from the police log of the Elba Police Department from Wednesday, August 25 through Monday, August 31. All names have been omitted.

WEDNESDAY, AUG. 25

8:05 a.m. - Caller reported a vehicle on fire at Rhoads Dist. on Kinston Highway

9:40 a.m. - Caller requested Rescue Squad at home on 189 North, emergency

4:16 p.m. - Woman caller requested Rescue Squad at her home

8:49 p.m. - Lady requested police at her home

9:48 p.m. - Woman caller requested police at Pasquales, an intoxicated man is in parking lot

11:06 p.m. - Patrolman is in pursuit of a car on 87 North headed toward town

THURSDAY, AUG. 27

6:56 a.m. - Caller reported attempted burglary at Auto Sav

11:59 a.m. - Brundidge police reported a house on fire in New Hope Community

12:14 p.m. - Caller advised Elba Fire Department to disregard call, fire is out

12:16 p.m. - Patrolman issued a citation

1:08 p.m. - Patrolman issued a citation on Kinston Highway

6:34 p.m. - Male caller reported a possible prowler at his home on East Davis

9:00 p.m. - Woman advised gas pumps on at Cole's Grocery

10:06 p.m. - Caller requested police at Reynolds Street.

FRIDAY, AUG. 28

7:45 a.m. - Patrolman is at wreck at intersection of Adkins and Brantley Highway

2:28 p.m. - Woman caller reported a breaking and entering at her home

2:45 p.m. - An Elba woman is issued a speeding citation

3:08 p.m. - Caller reported wreck on 87 North near Babe McCollough's, requested Rescue Squad

6:40 p.m. - Man reported wreck on East side of Whitewater Bridge

9:52 p.m. - A Troy man is issued a speeding citation

10:20 p.m. - Lady caller requested police to check on red Volkswagen turning around in her yard

SATURDAY, AUG. 29

12:27 a.m. - Caller reported cow out on 189 by Free's Grocery

1:16 a.m. - Man requested police come to his home

3:57 a.m. - Patrolman reported breaking and entering at Windham Manufacturing

6:14 a.m. - Male caller reported a dead man lying in road above Stinson Community

7:07 a.m. - Samson police reported an accident on 87 South near Geneva County line, minor injuries, road blocked

2:02 p.m. - Caller requested Rescue Squad at Victoria ballfield

2:08 p.m. - Caller reported minor wreck at Big Bear

2:41 p.m. - Woman caller on Brunson Street, thinks someone is in her house

6:53 p.m. - An Elba man is arrested for no driver's license, reckless driving and driving under the influence

9:29 p.m. - An Elba man is arrested for driving with revoked license, reckless driving and driving under the influence

SUNDAY, AUG. 30

12:00 a.m. - Caller reported disturbance at O.K. Tire Store

11:50 a.m. - Two men in station wish to talk to police

12:06 p.m. - An Elba man is issued a speeding citation

12:14 p.m. - An Elba man is issued a speeding citation

4:32 p.m. - Caller requested Rescue Squad at airport

MONDAY, AUG. 31

7:05 a.m. - Caller requested police at Windham Manufacturing

9:47 a.m. - Man in station wished to talk to police

2:03 p.m. - Male caller reported a rattlesnake in yard on County Rd. 42

3:53 p.m. - Woman caller advised of a possible breaking and entering at a home on Caroline St.

5:48 p.m. - Woman caller reported minor wreck in front of Bill's Dollar Store

6:32 p.m. - Hospital requested police at emergency room

9:40 p.m. - Caller reported possible prowler at home on Dr. Roberts Dr.

10:24 p.m. - Caller requested police at her home on 25, possible prowler.

RESOLUTION HONORING RETIREMENT--Elba Mayor Bob English (right) presents Elmer Taylor with a copy of a resolution passed recently by the city council in recognition of Taylor's service to the city school system. Taylor's last day as school superintendent was August 31.

EARLY FILES

TEN YEARS AGO SEPTEMBER 2, 1971

***Enrollment at the Elba City School system this year totaled 1944 on Monday of this week. This included 858 in high school; 326 in middle school; 685 in elementary, and 75 in kindergarten.

***The Coffee County Health Department has recently received the new rubella vaccine. Although there has been no shortage of the vaccine, approximately 325,000 children between one and eleven years of age have not been immunized against rubella, or German Measles.

***The starting lineup for Elba in this Friday night's game against Brantley will see Mark Smart and Larry Suttley at guards; Mike Bullard and David Jacobs at tackle; Ricky, center; Joe Prior as flanker back; Keith Boswell, split-end; Leon Bullard, tight end; Mark May, fullback; Bill Scarbrough as tailback; and either senior Jimmy Cook or junior Wayne Flowers at the starting quarterback.

***Paul's Cafe is now closed after 27 years of feeding the public good home-cooked meals. In the photograph, Mrs. Thelma Parrish is shown preparing one of the meals on the old wood stove. Mr. and Mrs. Parrish (Charles) stated that the renovation required by the health Department would cost too much considering the building was rented and their health "ain't" what it used to be.

***Westside Baptist Church dedicated and observed open house at its newly constructed pastorial Sunday, August 29. Rev. John C. Haynes is pastor. Clyde Greer, Minister of Music and Education.

TWENTY YEARS AGO SEPTEMBER 7, 1961

***Sawyer Candy Company is now settled in a handsome new home at the former Basil Whitman Motors building on the outskirts of Elba on Highway 84. Mr. Sawyer's first business address was in a 10 x 12 foot office in the rear of the Whitman Drug Company. He kept moving to larger quarters on the same street until eight years later he moved into a corner store building at Simmons and Claxton Streets. There he kept expanding and remained there 22 years until his present move.

***Mr. and Mrs. E.S. Farmer of Elba announce the engagement of their daughter, Margie, to James E. Macon, son of Mr. and Mrs. Harvey Macon of Elba. The marriage will be in late September.

***Mr. and Mrs. Wayne Northey have recently moved from Opp to make their home in Elba. They are living in the house formerly occupied by Mr. and Mrs. Harry Bullard on Buford Street.

***Mrs. C.T. Proctor entertained members of the Petticoat softball team with a spend-the-night party at her home Wednesday night. A feature of the evening's gatties was a scavenger hunt. Those present were Joan Brazellon, Ann Waters, Bettie Liles, Valeria Durham, Sheila Smith, Linda Thomas, Barbara McDonald, Gayle and Carole Proctor.

***Miss Jeannette Garrett returned to Birmingham Thursday where she will resume her position of math teacher at the Phillips High School. She spent the summer in Elba with her mother, Mrs. J.M. Garrett.

THIRTY YEARS AGO SEPTEMBER 7, 1951

***August 1951 will go down in the records as the hottest August of which even the oldest residents have any memory. Maximum temperatures of over 90 degrees were registered every day during the month but two, and all but four days had a reading of 95 or higher.

***A name long familiar to readers of The Clipper will stop sending regular contributions of news and society material to the paper with this week's issue. Mrs. Will Kendrick resigned her duties this week.

***The proprietor of The Trading Post, located next to the Piggy Wiggly store, announces that the store's name has been changed to DeVane's. The store is now dealing in ladies' ready-to-wear, drygoods and men's furnishings. All the merchandise is new. James DeVane is the owner.

***Kinston News: Mr. and Mrs. Aude Clark and Miss Anna Clark were hosts to a large number of friends and relatives at their home Sunday, August 26. The morning was spent in greetings and shaking hands. At noon lunch was spread under big oaks in the yard.

***William Henry Prescott, meat cutter at Piggy Wiggly, dropped a long carving knife on his foot while on duty Wednesday. The keen knife penetrated his shoe and made a deep wound in his foot. The attending physician pronounced the wound not serious but advised William to stay off it for a few days.

***The Elba Faculty Club was entertained at an informal outdoor tea given at the home of Mrs. Bryan Deal, Wesley Ham, J.W. Kendrick, T.B. Bryan, Bryan Taylor, Lamar Rainer and Sam Young. Mrs. Rainer, club president, welcomed Mesdames Joe Brooks and Lister Brunson, Miss Sue Cox and Mr. Burgess, new faculty members. An ice course was served.

FORTY YEARS AGO SEPTEMBER 5, 1941

***Wagons roll at night in Coffee County now and the clatter of hooves and rattle of gear join the hum of guns around the clock from dusk to dusk and dusk to dawn. Peanuts are predicted to be a good this year. Hogs are a little off, corn is good, and the smaller crops of sweet potatoes, cane, etc. are excellent.

***Rev. Elmer Brunson, student at Southwestern Seminary, Ft. Worth, Texas, is visiting his mother, Mrs. Kate Brunson and family.

***Notice! Highest Cash Prices for Chickens and Eggs in Elba on Wednesdays and Saturdays. Next door to Ice Cream Parlor, English & Granham.

***Sue Byrd Maddox, daughter of Mr. and Mrs. Watus Maddox, is getting along nicely after undergoing a tonsil operation at Edge Hospital in Troy the first of the week.

***Purdue News: Mr. and Mrs. Hollie Boutwell and daughter, Vivian, attended the birthday dinner of Mr. Rufus Wilson of Hebron Community on Sunday. The friends extend congratulations and wish him many more happy birthdays.

***Mr. and Mrs. George Collier, Paul and Sam Collier, and Miss Mary Louise Morgan visited Mr. and Mrs. Milford Collier at Port St. Joe Sunday. Sam left Monday for Childersburg, where he has employment on the huge government project.

All Around Coffee County

By TOM CASADAY

PEANUT HARVESTING

I checked several peanut fields this week where growers were right at the point of wanting to plow up. However, in most cases, these fields were a week to 10 days away from the best harvesting time.

Of course, a lot of things must be taken into consideration when it comes to harvesting peanuts. Some growers with large acreages will have to start a little sooner in some fields than they want to. Other growers depend on neighbors to do the harvesting, and they are at a disadvantage.

We recommend digging when four out of five of the peanut hulls have turned dark. I like to pull up two or three bunches of peanuts and then select 100 fully grown peanuts. Then I start shelling and maintain one stack of dark hulls which indicates they should be dug and in another stack I keep the white hulls. When you pick out around 75-80 dark hull peanuts out of 100, it is time to dig.

DESTROYING WEEDS

A lot of corn fields have grown up and become weed and grass fields. Those fields which have been planted in corn should immediately be bushhogged and disked to destroy a lot of the weed and grass seeds before they mature.

The stalks will also serve as a good cover for the fields during the winter months. The rotting process on the old stalks and roots can also begin much earlier if this is done.

RECORDS Right now is an excellent time for farmers to make a record of the weeds, diseases and pest problems they find in each field. For example, I have a field this week which had a heavy infestation of nematodes. I suggested that a record be kept of that so that when peanuts go back into that field, it can be treated at planting for nematodes.

The same is true for heavy beggarweed infestations. Believe me, we do

have some damaging infestations of beggarweed this season. By keeping a record, material can be used to help control beggarweed the next time those particular fields go into peanuts. It will be better to have a written record than trying to remember.

SAFETY Gloves are very handy for protecting the hands from cuts, burns and abrasions. However, gloves, particularly the larger type, can be dangerous when working near moving parts. It is easy for a glove to get caught in machinery and instantly pull your finger or hand into the moving machine.

You should not wear fabric or leather gloves when handling toxic or irritating chemicals. These chemicals will soak through and do damage. Liquid-proof, rubber or plastic gloves are your best choice when handling a lot of pesticides.

GOOD PROGRAMS Extension 4-H agents Angela Hughes and Jack

Tatum are looking forward to the best year ever in 4-H Club work. They are preparing demonstrations which will be very interesting to the different age groups of 4-H Club members.

Speaking of programs, I was talking to Lavinia Cain, principal of Kinston High School recently. He pointed out that junior-high-age boys are interested in a wide variety of educational programs. He mentioned programs on wildlife including trapping techniques as being very popular with that age group.

I certainly want to encourage all young people to participate in 4-H Club activities. In addition to the regular school clubs in the county, and at Copinville, there are also some out-of-school clubs which meet at night. If you are interested in joining one of these clubs, call the Extension office at 894-5596.

CHECKING THE CROP—J.O. Reeves of Route 1, Opp and County Agent Tom Casaday look over some peanuts owned by Reeves' son-in-law, J.C. White. White planted two rows of peanuts rather than one, nine inches apart. The peanuts were planted April 3 and dug August 25 at 144 days of age. White and Reeves plan to compare the yields of these close-row peanuts with standard planted peanuts.

FLOOR CARE SEMINAR You are invited to attend one of our floor care seminars on Thursday, Sep-

tember 10, at 9:30 a.m. or 7:00 p.m. Each program will last two hours and will be held in the Community Room at the Farm Center in New

Brookton. Floor care today seems complicated, but not if you have the answers to your floor-care problems. Now is your opportunity to get problems solved. The program, which will include demonstrations on the care of smooth surface floors, hardwoods and carpet, will be very helpful. We want you to attend the program most convenient for you. We'll look forward to seeing you on Thursday, September 10. Call our office and let us know if you plan to attend. Our telephone numbers are 894-5596 or 897-2776.

STAINS Iron rust can be removed from washable fabrics with lemon juice and salt. Mix one tablespoon salt with the juice from one lemon. Apply to iron rust and place in the hot sun. Several applications may be needed for stubborn spots. When iron rust is gone, wash article as usual to remove lemon juice and salt.

Dishwashing detergent will remove some spots from washable fabrics. First, wet the fabric in clear, cold water. Apply the detergent to the spot full strength. Rub spot and let set for some time and rub again. Continue if spot appears to be disappearing; wash as usual. Try one of these materials that you have available. They sometimes will work just as well and will be much less expensive than those commercial products you buy.

EGGS Dieting doesn't have to be a dull and tasteless experience. With protein-rich eggs you can make light meals that are something to look forward to! Incredibly, large eggs contain only 80 calories each, and they taste great alone or prepared with your favorite low-calorie foods. From yogurt-deviled eggs to fresh strawberry omelets, eggs can help keep you slim and trim... deliciously.

SEWING AND DECORATING CLASSES We have several sewing and decorating classes which begin the week of September 14. We want you to attend if you want to learn how to sew or decorate your home. If you already have some skills in these areas, we are offering advanced classes. Please call our office, 894-5596 or 897-2776, for detailed information on times, dates, places and registration costs.

El Capitan, guardian of the entrance to Yosemite Valley, is the largest visible granite rock in the world. It shoots 3700 feet up from the floor of the valley.

FIELD DAY—More than 100 interested farmers and agricultural leaders from the Wiregrass area attended the annual field day at the Wiregrass Substation in Headland last week. Some of the topics discussed by scientists from the Alabama Agricultural Experiment Station included disease control of soybeans and peanuts, fungicide, nematode control, and associated superintendents. Among those attending from Coffee County, left to right are, Tom Casaday, county agent; Billy Eagerton, Mack Donaldson, vice president of the Coffee County Cattlemen's Association; and Ralph Johnson of Chipley, FL.

Program to reward owners for forests

Treasure Forest is a program to recognize and award landowners who are managing their forest land so that their forests are making their maximum contribution to Alabama and America. These landowners realize that there are many uses for forest land that are compatible with one another, such as outdoor recreation, timber, watershed, aesthetics, environmental protection, and wildlife, and they manage their lands in ways that enhance those uses. They, in effect, are practicing multiple-use management.

Multiple-use management is defined as the management of forest lands so that they are utilized in the combination that most appropriately meets the needs of the landowner, while also enhancing other values. The ultimate goal or purpose of Treasure Forest is to provide to the citizens of Alabama and America all the benefits that our forests are capable of providing. The Treasure program, sponsored by the Alabama Forestry Planning Committee, attempts to accomplish this goal by encouraging private forest

landowners to manage their forest lands for all nonconforming uses to which they are suited. By giving public recognition to landowners who have done a good job, the Treasure program seeks to inspire others to do likewise.

To qualify for Treasure Forest a landowner must meet certain qualifications. If you have been doing a good job of managing your forest lands or know of someone else who might be eligible for a Treasure Forest award, contact the Coffee County office of the Alabama Forestry Commission in New Brookton for more information.

Two Spanish courses—Introductory Spanish and Intermediate Spanish—are scheduled in the evenings fall quarter at Enterprise State Junior College according to Dr. Imogene Mixson, chairman, English Reading & Language Division.

"Since more and more of the senior colleges and universities are going back to a language requirement for an Arts Degree, we felt the need for these courses would increase," Dr. Mixson said. Also, "People are more mobile today and many travel to countries where Spanish is spoken," she added.

The introductory course meets from 5:30 to 8 p.m. each Monday and the intermediate Spanish from 5:30 to 8 p.m. Wednesdays.

No prior language is required for the introductory course but either a year of college Spanish or at least two years of high school Spanish is required for the intermediate course. Registration for fall quarter night classes at ESJC is from 4:30 to 8:30 p.m.

Sp. 4 Calvin Flowers, left, of Elba, and Sp. 5 Willie Flowers, right, of New Brockton, are pictured with promotion certificates to their respective ranks at New Brockton. In center is Commander, Cpt. Greg Tyler.

EXTENDING A WELCOME—Howard Foreman, pastor of Westside Baptist church, greets new Elba City Schools Superintendent John Osburn and family at a reception held Sunday at Elba High School. Also shown with the group is Doug Martin, chairman of the city board of education.

Reception Honors New Superintendent

A typical school atmosphere was evident at the lovely reception held in honor of Mr. John W. Osburn, Elba's new city school superintendent.

This entertaining affair was held Sunday afternoon in the home economics department at the vocational building on the Elba High School campus.

The multitude of visitors was extended warm and courteous greetings by school board members, Mr. King and Mr. J. Doug Kendrick.

In the formal entertainment area, the guests were greeted by the chairman of the school board, Mr. Douglas Martin, who headed the reception line.

Standing with Mr. Martin were the honorees, Mr. and Mrs. John Osburn, the petite Amy, a third grader, and the handsome John, an eighth grader.

This ambitious and opportunistic family presented a life-like picture of those who are actively striving toward the attainment and achievement of a definite goal. Too, these new friends and residents expressed that certain feeling of friendliness, joy and an overflowing attitude of happiness in accepting their place of responsibility.

In her polished manner, the versatile Mary Young greeted each visitor and extended an invitation to participate in the hospitality in the entertainment area. Here the visitors were greeted by two lovely ladies, Mrs. Gladys Yelverton and Mrs. Lois Holt. Their warmth and friendly response added cheerfulness to this occasion.

A long and exquisite table held the shining silver service and many party dainties. The simplicity reflected real beauty in good taste, fashion and manners. The entire party room looked elegant.

Assisting in serving were Mrs. Clara Ann Dyess, Mrs. Doug Martin, Mrs. Janet King, Mrs. J. Doug Kendrick and many other thoughtful ladies.

A coterie of elementary and high school teachers intermingled with the guests, helping to add pleasant experiences.

The attendance at this affair showed much concern

AT RECEPTION—School board members Gladys Yelverton and Lois Holt talk with Merrill and Elaine Shirley during a reception for the new superintendent of education.

and interest to not only the Osburn family, but also to the "beloved retiring Mr. Taylor and his family. His many years of retiring work are a memorial to him.

During the afternoon much meaningful gratification was showered upon these two noted educators and the members of the Elba City Board of Education.

MULBERRY'S CORNER

With Winzell Gray 897-5016

The 2nd Bn 117 FA National Guard unit that's located in Elba is increasing its members due to the fine recruiting it displays. The unit instills pride, dedication, courage, prestige and ambition to its members and it is a very challenging job that pays off in years to come, as far as compatibility is concerned. Some of its members are so devoted to their unit that they are staying on another term—for instance, William (Red) Tyson, 6 years; Ronnie Hammond—3 years; Bryan Grimes—6 years; Huey Daniels—3 years; Winzell Gray—3 years. I am pretty sure that more are going to extend. Some of the members are William (Red) Tyson, William Thigpen, Desmond Hylton, Jamie Brockton, Larry Edwards, Huey Daniels, Ronnie Hammond, Cobie Gray, Carl Siler, Nelson Carpenter, Willie Jackson, Emanuel Magwood, Carl Brown, Tony Brown, Jimmy Taylor, Anthony Coleman, John (Big Man) Smith, Charlie T. Jordan, Winzell Gray, Johnny Williamson and Milton Hooks.

I would like to congratulate our unit administrator, Sgt. Jones, 1st Sgt. Parrish, SFC's John Daniels and Bobby Mills. Let's Brooks and Culver, and Cpt. Newman for doing such a tremendous job in keeping our unit together and guys sharp and the devotion they show us. And to all our guys—keep up the good work!

Be sure to tune in to Rev. Jonas Rogers, a local minister, on WELB Sunday afternoons 1:30 - 2:00, with "The Hour of Truth."

Mr. and Mrs. Danny Belcher are again making their home in Elba after a long stay in New Jersey.

Gwendolyn Townsend, daughter of Mr. and Mrs. Ernest Ellison of Elba, will wed Russell Rush on October 3. They plan to reside in Montgomery. Mr. Rush is from Haynesville.

Jerry and Terrell Mahone are in Elba visiting their grandmother and their father, who is retired from the Navy. Grandmother is Mrs. Ethel Mahone from Elba. Jerry and Terrell had previously lived in California.

Clerio Henderson is home from a short stay in Florida.

Mrs. Nettie Phillips from Kennedy Estates had in her home recently, her daughter and son-in-law, Minnie Merl and Mildred Washington. They are from Lake Wales, Florida.

Dr. Dalton McAfee, a former member of the Coffee County School System, was home this summer from North Carolina. Dr. McAfee is a professor at one of North Carolina's prominent colleges.

Bernard Reynolds' three lovely children visited here this summer from New York. They are Tony, Michelle and Cynthia Reynolds. Bernard works for Reynolds Cabinet Shop.

Jackie Brunson recently returned home from a trip to Virginia where she visited her brother, Richard Jr. and her sister and brother-in-law, Debra and Lester Magwood.

Tina Thigpen is home from a trip to Atlanta, Georgia. Tina is the daughter of Sonny and Helen Thigpen.

James Smith returned to Alabama State to finalize his football and academic career on the college level. I personally wish him success.

ESTATE OF JOHN WILLIAM STEPHENS, DECEASED

VIEWS FROM

THE PRESSBOX

By Ricky Mularz
Sports Editor

Well, Win Number 1 didn't come easy for the Elba Tigers, but it did come and that's what matters! Elba looked good at times in the first half, both offensively and defensively, and should have gone in at halftime with a 14-0 lead. However, they made some very costly mistakes and wound up lucky to go in tied at 6-6. I'll have to admit that at the half I wouldn't have bet you a nickel we'd come back and win, but I badly underestimated the pride and desire of this year's team. Elba was in complete control in the second half, and even though they made some mistakes, it was clear the Tigers were the better team. True, it wasn't a very pretty win, but it was a win that will help a lot of young players grow up in a hurry, and a win they had to fight for. It should make us a better team!

There were several bright spots in the win, and though I'm sure I'll leave some people out, I will mention the players that caught my eye. On offense, all four of our backs ran hard (Henderson, Henderson, Hardwick and Hooks), and our receivers made some good blocks. Over on defense, Steve Whitehurst, Terry Spicer and Ted Horstead all made some big plays, as did Shane Meek. Everyone on defense did a good job and they all deserve credit. My pick for this week's "MVP" is Ted Horstead. He played one heck of a game!

All three schools in the county school system played last week, with two teams posting wins. The biggest shock (at least to me) was Zion Chapel's big win over Houston Academy, a team picked by everyone to win its area. The Rebels appeared to be headed for a long season, but Coach Grimes has apparently performed something of a miracle and now the Rebels are a squad that bears watching.

New Brockton, as expected, got off to a fast start with a 28-7 win over a good Wicksburg club. The Gamecocks are a solid team, and if they can stay healthy, wins should come often for Coach Boutwell and Company.

Kinston had a bad night against Red Level and simply got not writing them off after just one game. They might surprise some folks.

I have talked with a lot of high school football coaches in recent weeks and they all seem to agree on one thing - little league football should lower its age limit! All the coaches said the leagues now include boys in the eighth grade, boys who should be on a junior high team. By staying on the little league team, the junior high programs suffer from a lack of players and lose a year of valuable teaching time for the young players.

It's not hard to see why a kid would stay in the "outside program" -- there they would be the oldest and best players, while in junior high they would have to compete with older boys and probably not get to play all the time. However, a good high school program must be built over a number of years, and it can only come about through a continual learning process. A youngster must learn the right way to do things and then practice and practice to get better. This can be done best by becoming part of the school's program. I know a lot of people won't agree with what I've written, but I urge the little league officials to stop and see if changing the age limits will not only help the schools, but also their youth programs.

I don't know if he'll even make the trip this weekend to Baton Rouge, but the word from Tuscaloosa is that Don Rouse is fully recovered from a muscle pull, a-looking like his old self. In a scrimmage last week, Don had one long touchdown run and a big gainer that set up another score. He wound up with 102 yards on three carries. Yeah, if he's back at full speed, you can bet the Bear will give him a shot at making the team!

Bama will be on TV Saturday night against LSU, and I'll be in front of the tube with my popcorn and soft drink pulling for the Tide and waiting for his predictions. He started his 15 opening week ever in his predictions. He started his 15 of 20 picks, missing only a handful of upsets. The rainy weather has made his crystal ball a reception a little foggy, but he said he could still read the scores.

Ye ole Polish Prognosticator came strolling in my apartment Sunday afternoon and made it clear he had his best opening week ever in his predictions. He started his 15 of 20 picks, missing only a handful of upsets. The rainy weather has made his crystal ball a reception a little foggy, but he said he could still read the scores.

ELBA VS. GENEVA
The Panthers gave Andalusia all they wanted last week and there is no doubt they have a strong team. However, the Tigers have a win under their belts and are expecting better things this week. I'm picking Elba in a nail-biter!
Elba 12 - Geneva 7

ZION CHAPEL VS. KINSTON
The Rebels surprised me last week in winning, while Kinston didn't put on much of a show at all. Zion Chapel has to be the favorite in this one, but if they don't watch out, it could be a lot closer than they think.
Zion Chapel 16 - Kinston 6

NEW BROCKTON VS. ARITON
This matchup features two of the top small school powers in the state and will be a real "knock down - drag out" battle. The Gamecocks may be a little too strong and aren't about to lose at home.
New Brockton 21 - Arition 13

SAMSON VS. BRANTLEY
Samson beat a lot of folks last season, but have a new coach and a lot of new players. Brantley is back after a brief dry spell and should have more than enough to tame the Tigers!
Brantley 20 - Samson 0

Sports

Coach Wood Warns That Panthers Are Much Improved

The Elba Tiger's will be at home again this Friday night (September 4) when they oppose the Geneva Panthers, and the Panthers are ready to take on the world following last week's narrow 8-6 loss to powerful Andalusia. It won't be a game for the weak at heart!

"Geneva is billed as a rebuilding team," said Elba's Coach Mack Wood in a recent interview, "but after Friday night's game, I'd say the rebuilding is over. They have put it all together! Geneva is a big, strong, much-improved team that has come together after two long years. They got the best of Andalusia last week for much of the game, but Andalusia managed to dodge

the bullet. I know they'll have the gun loaded up again for us."

Geneva runs a Slot I, similar to Brundidge, added Wood, "and they will put the ball in the air. They've got a good tailback and a big fullback and show you a lot of looks. On defense they are very strong. Last week they put a lot of big people up front and took away Andalusia's running game. Their defense is sound, and very big, and they really get after you. If we hope to win, we'll have to improve offensively and eliminate our careless mistakes. We'll have to work hard and try to get better, and complete some passes.

On defense we will have to be sound in all areas. They can run and throw, so we'll have to work hard in the secondary and be tough up front to stop their inside game. We don't get a chance to relax - we have to improve every day to have a shot at winning."

Turning to last week's win over Brundidge, Coach Wood stated, "After we watched the film, we decided our team played better than we thought. We had some breakdowns, especially in blocking, but it wasn't because of desire. The blocked punt was due to a breakdown in blocking, as

were the bad plays. Our passing game, or lack of passing, was due to a lack of timing, something we can work on. The running game came around and at times the line came off the ball well. Our defense played pretty good all night long."

"I wasn't completely satisfied," stated Wood, "but I think we have something to build on if the kids are willing to work. Brundidge ran a completely different defense than we expected, and it took a while to adjust. Give Brundidge credit - they played hard."

The only injury reported was to tight end, Paul Cox, because of desire. The blocked punt was due to a breakdown in blocking, as

ELBA STAFF

Brockton's Boutwell Feels

Ariton Is Top Class A Team

The New Brockton Gamecocks will be in the friendly confines of Gamecock Stadium this Friday night for their home opener against the Ariton Purple Cats, and the battle could turn into World War II, as both clubs are primed and ready for action.

Ariton is ranked 5th in the state," said Brockton's Coach Leavy Boutwell in a Monday telephone conversation, "and they have a great football school with great coaches. They are one of the premier 1A teams in the state! Ariton is big across the front, they have two major college prospects and they are flying high looking for their best season ever. They think this will be the year they win it all."

"Ariton has an outstanding offense," added Boutwell, "They run the power I and like to use the belly option and power sweep. They come right at you and dare you to stop 'em. They will throw play action passes, but their game is simply power football. On defense, they have everybody back and just like to whip you. They use a split six and try to control the gaps. They held Goshen to minus-yard rushing, so you know they are strong defensively."

Ringsdorf Named Top Male Athlete

John Ringsdorf Jr., son of Mr. and Mrs. John Ringsdorf of Izmir, Turkey, was elected by the Izmir American High School as the 1980-81 male athlete of the year. John was awarded this trophy in recognition of his outstanding performances in four major sports.

Football - All-conference defensive back and running back
Soccer - All-conference halfback
Basketball - Most improved award
Track - Conference first place winner in the 100-meter, 200-meter and 400-meter race.

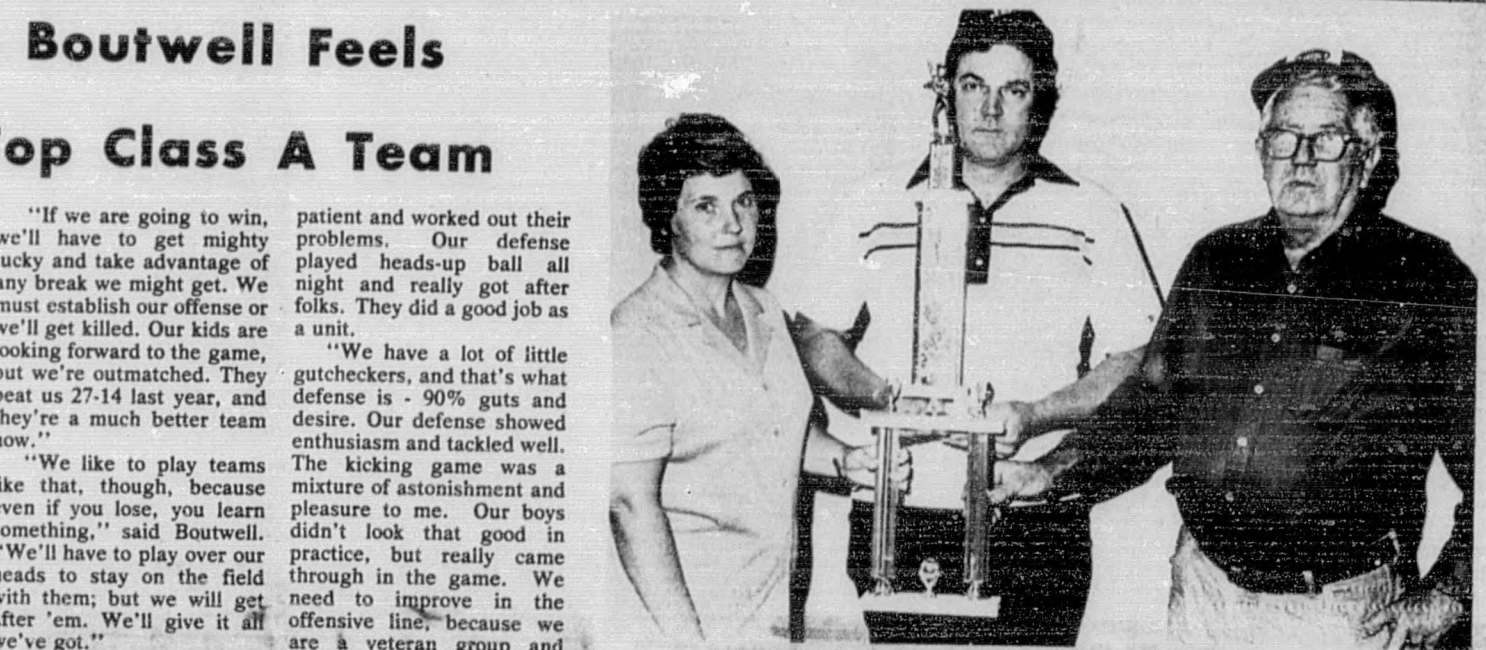

John was also awarded a \$500 scholarship by the Izmir American High School in recognition of his scholastic grade average and athletic accomplishments. This scholarship was presented for the first time in the school's history.

John has attended the Izmir American Dependent School from kindergarten through his senior year as well as the Elba High School and Junior High Schools. He plans to attend Troy State University this fall.

John's grandparents are Dr. and Mrs. W.M. Ringsdorf Sr. of Elba.

Athletic Club To Meet

The Elba Athletic Club will meet every Tuesday night during football season at 7:30 at the Elba High School auditorium. Coach Mack Wood will show the film of the previous week's game and discuss the upcoming game. All members or prospective members are urged to attend.

Janice Daughtry, of the Elba Scouting program, and J.I. Crocker, of IAM Lodge 1769, are pictured presenting trophies to Lamar Kelley, Little League football director. The trophies were donated and will be given away at a benefit softball tourney this weekend.

Elba's Shane Meek (52) sacks Brundidge quarterback Steven Wilson (15) to end a Brundidge scoring threat late in the first half.

Nowhere to go! Elba's Mike Amison (14) finds himself trapped by Brundidge defenders.

Tiger running back Ted Horstead (44) dives for extra yardage in Elba's season opening win over Brundidge.

TIGERS BOP BRUNDIDGE

The Elba Tigers survived a shaky 3-minute span late in the second quarter and then came roaring back in the third stanza to post a tough 20-6 season opening win over the Brundidge Bulldogs last Friday night in Tiger Stadium.

Elba won the toss and elected to receive. The Brundidge kicker almost missed the ball, however, and Elba's Bret Scarborough jumped on the ball, giving the Tigers good field position on the 39-yard line. Ted Horstead got the call on first and second down and repositioned with a pair of 6-yard gains to put the ball across midfield. Beginning a 3-minute span in which Elba almost dug themselves into a grave, the Bulldogs' Kenneth Wilson waltzed into the end zone to tie the game at 6-6. The Bulldogs' Kenneth Wilson waltzed into the end zone to tie the game at 6-6. The Bulldogs' Kenneth Wilson waltzed into the end zone to tie the game at 6-6.

The Tigers couldn't move following the ensuing kick and had to punt. The punt was blocked by a host of Brundidge defenders, however, giving the Dogs a chance to go ahead with 43 left in the half. The Elba defense rose to the challenge and stopped the threat when Shane Meek blocked the extra-point attempt with 2:48 left in the half. The Bulldogs' Kenneth Wilson waltzed into the end zone to tie the game at 6-6. The Bulldogs' Kenneth Wilson waltzed into the end zone to tie the game at 6-6.

Brundidge failed to follow the ensuing kick and had to punt. The punt was blocked by a host of Brundidge defenders, however, giving the Dogs a chance to go ahead with 43 left in the half. The Elba defense rose to the challenge and stopped the threat when Shane Meek blocked the extra-point attempt with 2:48 left in the half. The Bulldogs' Kenneth Wilson waltzed into the end zone to tie the game at 6-6. The Bulldogs' Kenneth Wilson waltzed into the end zone to tie the game at 6-6.

Brundidge failed to follow the ensuing kick and had to punt. The punt was blocked by a host of Brundidge defenders, however, giving the Dogs a chance to go ahead with 43 left in the half. The Elba defense rose to the challenge and stopped the threat when Shane Meek blocked the extra-point attempt with 2:48 left in the half. The Bulldogs' Kenneth Wilson waltzed into the end zone to tie the game at 6-6. The Bulldogs' Kenneth Wilson waltzed into the end zone to tie the game at 6-6.

Brundidge fumbled the ensuing kick, but the Dogs' Richard Wheeler picked it up and returned it all the way to the Elba 45, where Ken down-saving tackle! The teams swapped punts on Brundidge winding up with the ball on the Elba 41.

The Bulldogs moved to a first down on the 27-yard line, only to be stopped when Elba's Andy Hardwick pounced on an errant pitch-out. Elba didn't keep the ball long, however, as Mike Amison was tackled behind the line and Brundidge recovered on the 5-yard line, beginning a 3-minute span in which Elba almost dug themselves into a grave, the Bulldogs' Kenneth Wilson waltzed into the end zone to tie the game at 6-6. The Bulldogs' Kenneth Wilson waltzed into the end zone to tie the game at 6-6.

The Bulldogs' Kenneth Wilson waltzed into the end zone to tie the game at 6-6. The Bulldogs' Kenneth Wilson waltzed into the end zone to tie the game at 6-6.

Elba's Charlie Marler recovered a Bulldog fumble. A 5-yard penalty put the Tigers in somewhat of a hole, or so it seemed until Andy Hardwick and Ted Horstead got cranked up! The senior backs ate up big chunks of real estate, with Horstead reaching the touchdown on a spinning 12-yard jaunt up the middle. A two-point conversion failed, leaving Elba with a 12-6 lead with 8:10 left in the third stanza.

Brundidge reached midfield on its next offensive series, but were again stopped by the "Gold Rush" defense and had to punt. Elba took over on their 29-yard line, and despite two 5-yard penalties, pieced together a 71-yard scoring march. All four horsemen took part in the march, with Amison and Ken Velverton both running once. The score came when Andy Hardwick took a pitch-out, got a good block from Buddy Clark on the corner, and raced untouched to paydirt. Amison ran in the two-point attempt, giving Elba a 20-6 lead with 5:50 still left in the third quarter.

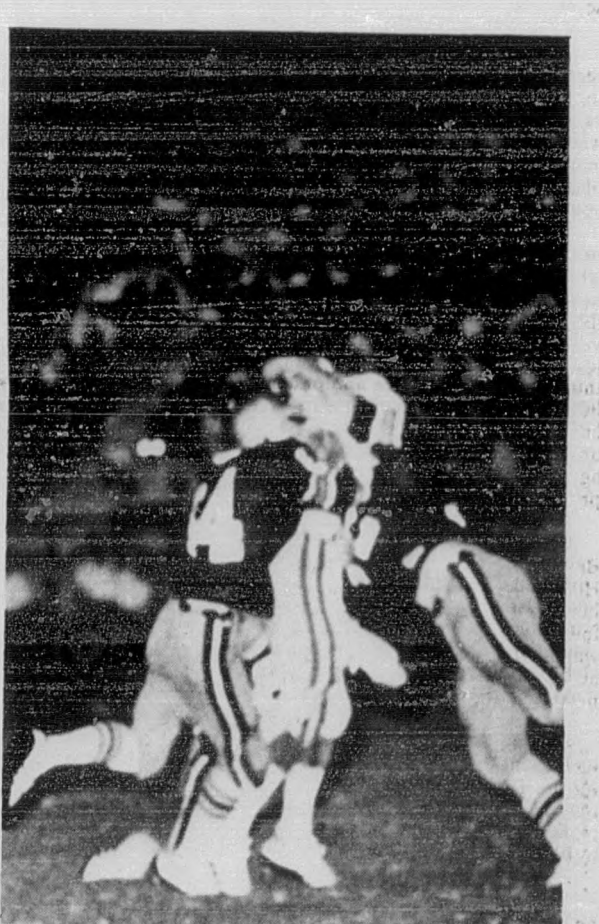

Ted Horstead got a quarterback sack for an 11-yard loss on the next Brundidge possession, and Terry Spicer got an 8-yard sack late in the game as the "Gold Rush" protected the lead and shut down the Dogs! At the final horn, the scoreboard read Elba 20 - Brundidge 6, much to the delight of the large Elba crowd.

Mark Henderson gained 86 yards in 8 carries to lead Elba. Andy Hardwick added 72 yards in 11 carries, and Ted Horstead gained 55 yards in 10 carries and 9-yard loss on the final play of the half as the score at halftime remained tied at 6-6.

Brundidge received the second half kick, but held the

Heading for paydirt... Elba's running back Andy Hardwick. Hardwick, a senior, dashed 21 yards for a touchdown on this play to put the Tigers on top 18-6.

Crunch! Elba's Terry Spicer (64) and Ken Owens (72) combine to drop the Brundidge qb for a big loss.

New Brockton Wins Season Opener 28-7

BY: GREG BRUNSON

OFF AND RUNNING... is Gamecock speedster Joseph Burrows (30) on an 87-yard touchdown gallop in New Brockton's season opening win over Wicksburg.

New Brockton's Ricky Sipper (18) and Mike Dunaway (22) combine to sack Wicksburg quarterback Chris Jones (12) for a big loss.

The New Brockton Gamecocks used 10 running backs this past Friday night to pile up 254 yards on the ground against the Wicksburg Panthers. Joseph (June) Burrows led the way with a total of 171 yards on only 18 totes for an amazing average of 11.4 yards per try. Each team ran three plays and punted the first two times they had the ball. The game's first drive came with about 1 minute to play in the first quarter as Burrows broke his first big play of the night. A 33-yard scamper then set the Gamecocks up at midfield. Seven plays after this, Ronnie Gilley raced in from 7 yards out for the first points of the season. Bobby Smith's kick was good, giving Brockton an early 7-0 lead with 10:36 to play before the half.

The Wicksburg offense ground out two first-downs on their next possession before being forced to punt. The teams again exchanged punts which gave New Brockton the ball on their own 13-yard line. On the first play, June Burrows took a straight handoff from Anthony Maddox and dashed 87 yards into the end zone. Smith again booted the p.a.t., making the score 14-0 with only 2:37 to play in the first half.

After an exchange of fumbles, Wicksburg put the ball in play at the New Brockton 40-yard line. Chris Jones dropped back to pass and fired the ball way downfield. Terry Bowden came down with the tipped pass and a 32-yard gain. Three

plays later, as the horn sounded to end the half, Jones fired another pass, this time into the corner of the end zone. Dennis Johnson out-battled a Gamecock defender for the ball and six points. Junior Sellers split the uprights with his kick making the half-time score New Brockton 14 - Wicksburg 7.

The Panthers took the second half kickoff and ran 3 plays and punted to the Gamecocks. New Brockton put the ball in play on their own 44-yard line and put together a 56-yard, 12-play drive which ended with June Burrows carrying the last 5 yards for the touchdown. This drive was aided by two big passes by Maddox, each coming on third down. The first went to Ronnie Gilley for a first-down and the second one was completed to Kenneth Nolin. Smith's kick stretched the New Brockton lead to 21-7 with 4:56 to play in the third quarter.

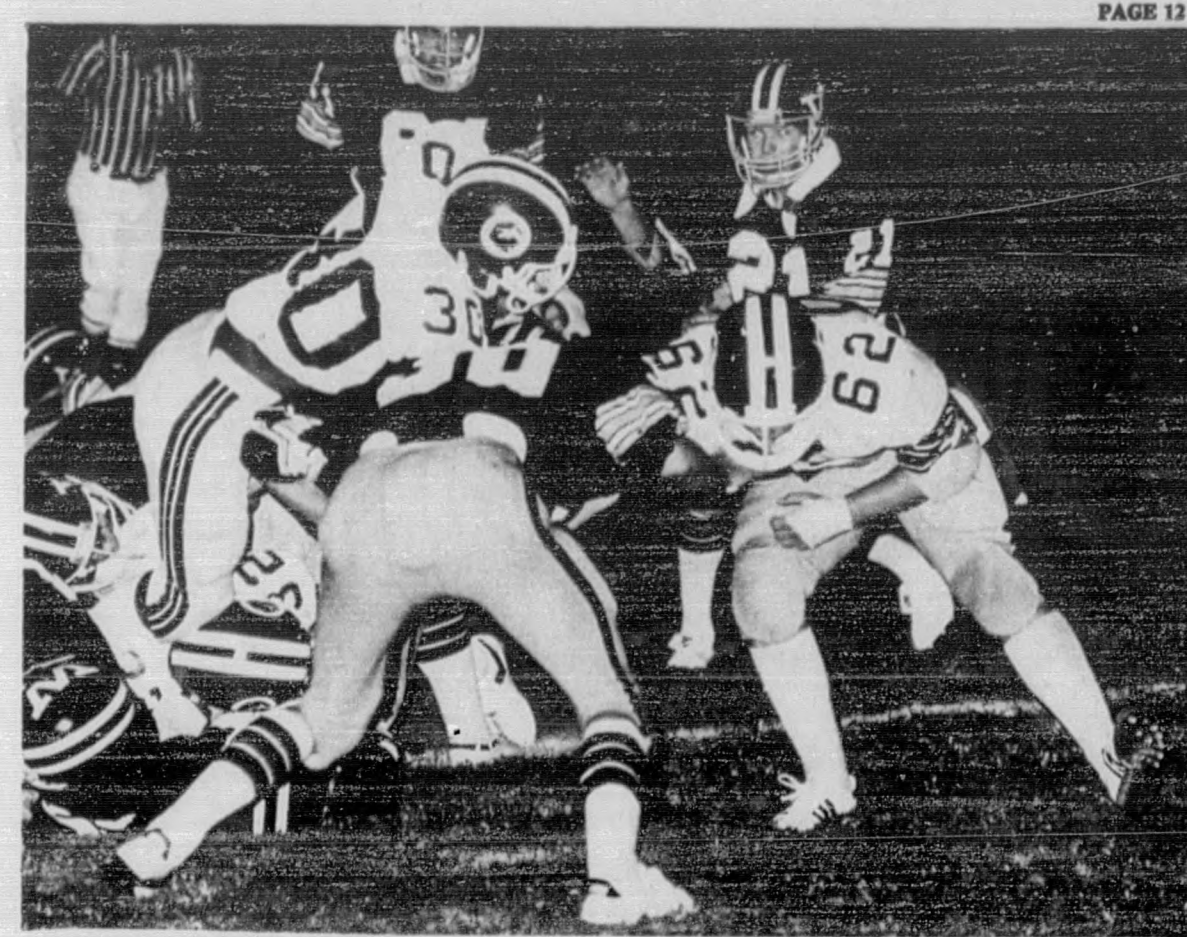

The next three possessions ended in turnovers, as it seemed neither team really wanted the ball. Ricky Sipper recovered for Wicksburg on the 36-yard line, but four plays later, Chris Jones fell on a June Burrows fumble, giving Wicksburg the ball on their own 22-yard line. However, on the next play, Jones pitched the ball behind his teammate and Larry Parker fell on it for New Brockton on the 14-yard line. From this point, it took the Gamecocks 7 plays to reach the end zone. The touchdown came on a two-

yard carry by Burrows, his third score of the night. Bobby Smith made it a game with New Brockton perfect 4 for 4 with his extra point which closed out the third score of the night. Bobby Smith made it a game with New Brockton perfect 4 for 4 with his extra

The Gamecocks showed a spirited defense which has become a trademark of Coach Boutwell's team. The passing attack was effective and the running game really sparkled. If the Gamecocks can stay healthy and continue to play with the intensity they had this past Friday night, this could be another very fine year for the players, coaches and fans of New Brockton High School. It appeared that Brockton had more supporters at this game than did the home

team. The band did a fine job, and those pretty cheerleaders didn't slow down until after the final horn sounded. I would like to suggest that if you get the chance, go out to the games and support the New Brockton Gamecocks!

Brockton running back Joseph Burrows (30) struggles to gain yardage against the Wicksburg defense. Trying to help with a block is Larry Pattman (62).

A Wicksburg runner goes flying after being hit by a New Brockton defender.

Gamecock quarterback Anthony Maddox (12) rolls around the end for a good gain.

Brantley Stuns McKenzie 13-12

The Brantley Bulldogs took a giant step back toward football superiority last Friday night when they stunned the McKenzie Tigers 13-12, in front of a large crowd in Bulldog Stadium.

McKenzie finished second in the state in Class A last season and was picked to return to the playoffs this year, but Brantley's "Big Green Machine" proved they too wanted a playoff

berth and took a step in the right direction by posting the Area 3 win. Neither team could move on its initial possession, but a fine punt by Brantley's Mike Coleman backed the Tigers up on their own 4-yard line. McKenzie couldn't budge the Bulldog defense and again called on Walter Davis to punt them out of trouble. The punt carried Ronald Dorsey back to midfield, where he spotted a wall of blockers and followed the convey 50 yards to paydirt. A bad snap foiled the extra point attempt, leaving the Dogs with a 0-0 lead with 5:13 left in the opening stanza.

McKenzie took the ensuing kick on their 34-yard line and rode the passing arm of quarterback Walter Davis down the field to tie the score at 6-6 with 1:03 left in the first quarter. A 34-yard completion to Roy Lee Crittenden got the drive going, while the score came on a 21-yard toss to Ronnie Womack. The extra point attempt failed.

Brantley put the ball in play on their 30-yard line after the ensuing kick and stunned McKenzie by driving 70 yards in 9 plays to regain the lead. A 43-yard pass from Ronald Dorsey to Dwight Pitts carried the ball to the McKenzie 14, and four plays later John Salter scored on a 4-yard run. Jimmy

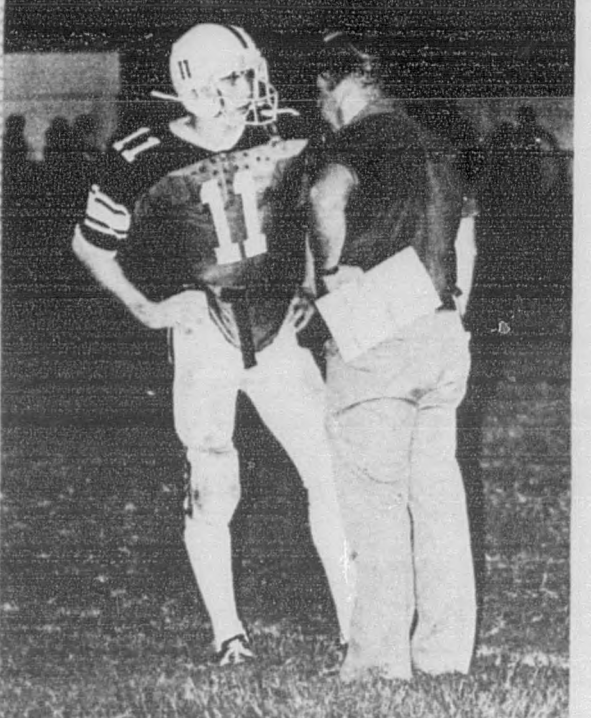

Tisdale added the extra point to give Brantley a 13-6 lead with 9:45 left in the half.

McKenzie recovered a Bulldog fumble on the 24-yard line late in the half and cashed in the break to pull within 1 point at 13-12. The score came on a 10-yard pass from Walter Davis to Ronnie Womack, but the kick again failed, giving Brantley what would end up being the margin of victory.

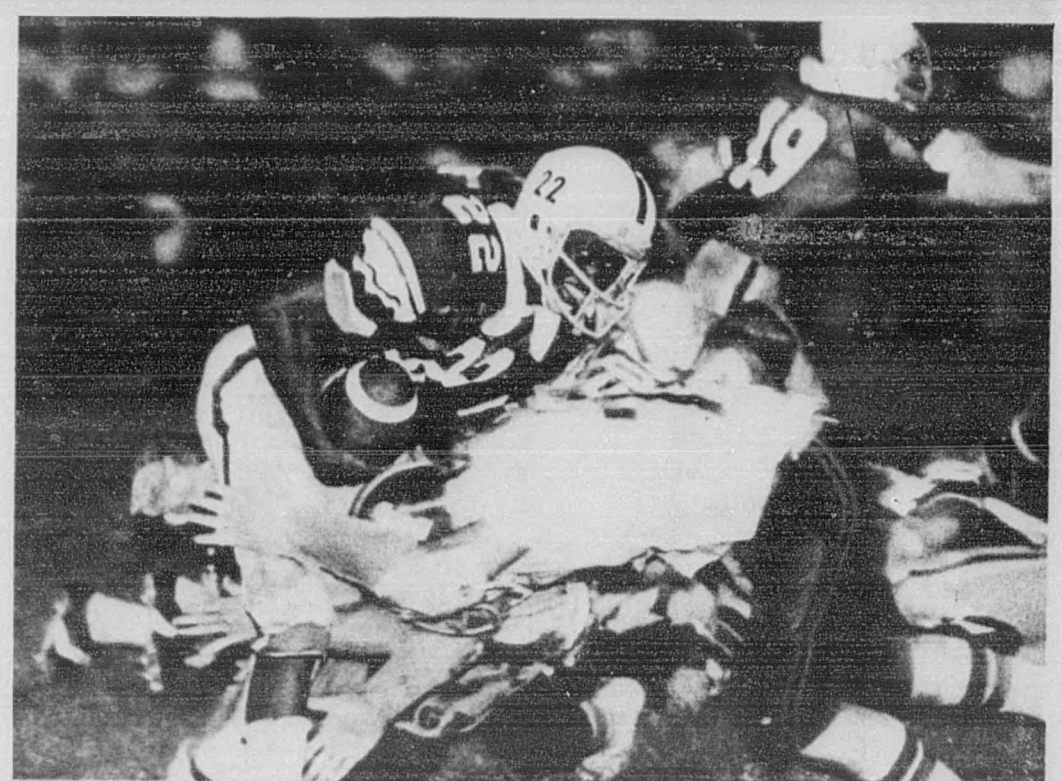

McKenzie moved to a first down and goal at the 5-yard line on its initial possession of the second half, but came away empty-handed when a fumble rolled through the end zone for a touchdown. The rivals swapped punts on their next four possessions as the defenses took command of the game and Brantley stopped McKenzie cold on its final series to preserve the win!

& Pictures By Billy W. Williamson**

Zion Chapel's Tim Brown (71) smashes a Houston Academy runner into the turf in the Rebels' opening win.

Houston Academy quarterback Scott Laye (12) finds nowhere to go as Zion Chapel applies the squeeze.

BY: GREG BRUNSON

The Zion Chapel Rebels traveled to Dothan this past Thursday night to do battle with the Houston Academy Raiders, and returned home a big winner. Head Coach Tim Grimes celebrated his first game at the Rebel helm with a very impressive 21-12 victory.

The Rebels won the toss and decided to receive the first kickoff of the year. Three carries by Walter Adair resulted in a first down on the 49-yard line, but a fumble slowed this drive, forcing the Rebels to punt.

The ensuing kickoff went out of bounds which gave Zion Chapel excellent field position at their 40-yard line. The Rebels mounted their first real drive of the year from this point. Eleven plays later, they were faced with a fourth and 7 situation on the 17-yard line. Greg Davis completed a short pass to Eddie Arnold, but he was held to only five yards, turning the ball over to the Raiders.

Neither team was able to move the ball on their next possession, and after an exchange of punts, Houston Academy started a drive on their own five-yard line. Seven plays later, they had crossed midfield to the 44-yard line. The Rebel defense stiffened as Anthony Willette stepped in front of the intended receiver to intercept a Scott Laye script pass.

From this point, the Rebels mounted a 7-play, 42-yard drive to the end zone. The score came on a 14-yard pass from Greg Davis to Jeff Amlog, Tim

HOW BOUT THEM REBELS

Zion Chapel wide-receiver Jeff Amlog (15) hauls in a pass from quarterback Greg Davis for a touchdown to put the Rebels ahead for good.

Brown kicked the extra point and with only 1:02 remaining in the first half, Zion Chapel led 7-6. Three plays later, the half ended with the score still 7-6.

After another entertaining show by the Rebel band, Zion Chapel turned what appeared to be a bad kickoff into a terrific break! Tim Brown hit the ball off the side of his foot and David Sanders fell on it on the 41-yard line. One running play into the line netted no gain, so the Rebels decided to pass. This was a very wise decision. Davis again dropped to pass and spotted Jeff Amlog behind the defense. Amlog made a spectacular catch of the pass and raced in for the third quarter.

However, the Raiders were not ready to pack up

this young season. Laye cracked through the line to block Brown's kick, so the score stood Z.C. 13 - Houston Academy 6, with 11:04 remaining in the third quarter. The next Raider possession resulted in what Coach Grimes called "the play that broke their backs." Walter Adair picked off an errant Scott Laye pass and raced 62 yards up the sideline for his first points of the season. Greg Davis rolled out from fourth down for a big 12-yard loss. The next three plays resulted in turnover as it seemed neither team really wanted to hold on to the ball. Houston Academy ended up with the ball on the Z.C. 10 and took four plays to score as Greg Parmer went the last

and go home. They took the ball and marched for 15 plays before running out of downs in the ball game, with Z.C. leading 21-12. Danny Parker recovered a John White fumble with 2:28 to play in the game, and the Rebels ran the rest of the time off the clock.

4 yards on a sweep. The try for two failed which finished the scoring with 7:19 to play in the ball game, with Z.C. leading 21-12. Danny Parker recovered a John White fumble with 2:28 to play in the game, and the Rebels ran the rest of the time off the clock.

The real bright spots on offense were the running of Walter Adair and the team passing attack. Adair caught the ball 11 times for a total of 46 yards, while Kevin Flowers had 6 totes for 23 yards. Greg Davis proved to be an able passer completing 5 of 6 for a total of 85 yards. Jeff Amlog displayed good hands and a lot of speed as a receiver and Eddie Arnold made one unbelievable diving catch.

The Rebels have a spirited defense led by David Sanders. Sanders was in on a number of big plays along with Ronnie Green.

The most important thing this Zion Chapel squad showed me which seemed to be lacking in the past, is enthusiasm. This team made the long ride to Dothan and walked on the field with every intention of coming home a winner, and that is exactly what they did! Congratulations, boys, and especially to you, Coach Grimes. Keep it up!

Kinston Bulldogs No Match, Fall To Red Level 40-0

Kinston's Coach Rick Rainer warned Bulldog fans that the 1980 football season would be a rebuilding year, but few expected the team would have to be completely rebuilt from the ground up. Now they know!

Kinston opened the season on the road last Thursday night and limped home after suffering a lopsided 40-0 defeat at the hands of the Red Level Tigers.

It was obvious the home-standing Red Level team was ready to play, even before the game started, as the Tigers hit the field before the band had a chance to march into the stadium! The band did get to play the national anthem, while standing behind the scoreboard, and then it started - a long drive bogged down and the Dogs' Tim Free punted the ball away. Red Level's Benny Jordan got the call on first down and showed his speed by racing 72 yards for a touchdown to up the Tigers' lead to 19-0 with 10:35 left in the half. Red Level recovered a Bulldog

1 yard out. Harvey Peacock added the extra point, giving Red Level a 7-0 lead with 5:54 left in the opening stanza.

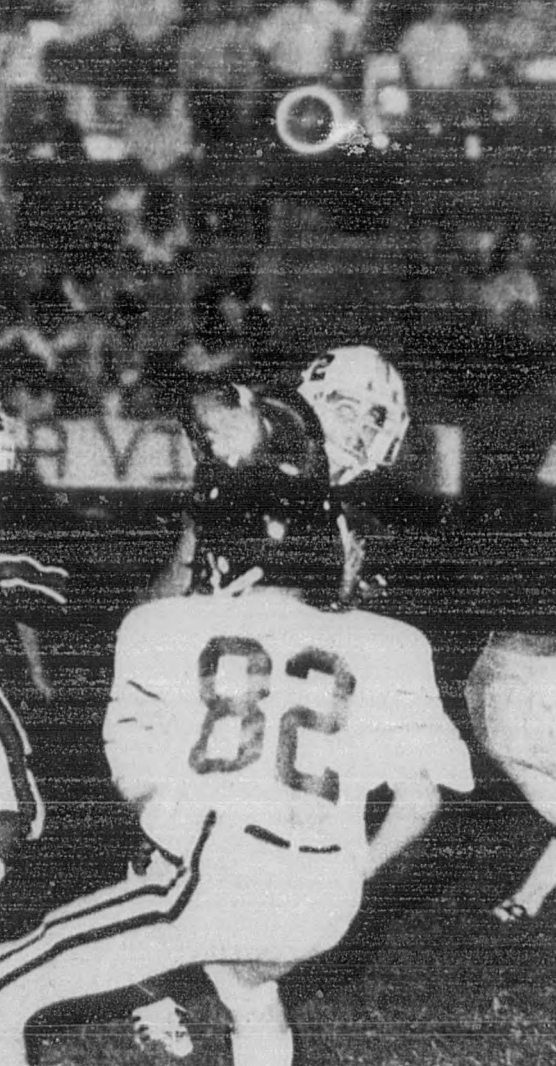

Kinston couldn't move on its initial possession and punted, with Red Level taking over at midfield. It didn't take the Tigers but 3 plays to score again, as Harvey Peacock rambled 15 yards for a touchdown. The extra point was blocked, leaving Red Level with a 13-0 lead with 2:39 still left in quarter number one.

The Bulldogs had no luck on their second offensive attempt, but got a break on a roughing-the-kicker penalty. Larry Hattaway broke loose on a 10-yard jaunt, giving the Kinston fans something to cheer about, but the brief drive bogged down and the Dogs' Tim Free punted the ball away. Red Level's Benny Jordan got the call on first down and showed his speed by racing 72 yards for a touchdown to up the Tigers' lead to 19-0 with 10:35 left in the half. Red Level recovered a Bulldog

bobble on the 50-yard line only two plays after the score, and appeared headed for another tally, only to fumble the ball back on the 4-yard line. Neither club could move again until late in the half, when the Bulldogs put together a march that reached the 1-yard line, only to be stopped by a fumble in the end zone! Quarterback Darren Smith and tight end Shane Smith connected on a long pass and the lanky receiver seemed headed for a goal-line.

Red Level recovered a fumble early in the third quarter at the Kinston 21-yard line and scored 3 plays later on a 5-yard run by Kenny Jordan to up their lead. Peacock's p.a.t. was true, giving the Tigers a 26-0 bulge with 10:26 left in the third stanza. The Bulldogs mounted a drive following the score and moved deep into Red Level territory, only to be stopped by an interception. The score went to 33-0 with 3:04 left in the stanza, on a 6-yard run by Rex Crittenden and Peacock's p.a.t., and reached 40-0 with 7:47 left in the game when Crittenden scored on a 5-yard jaunt and the extra point by Peacock was again true.

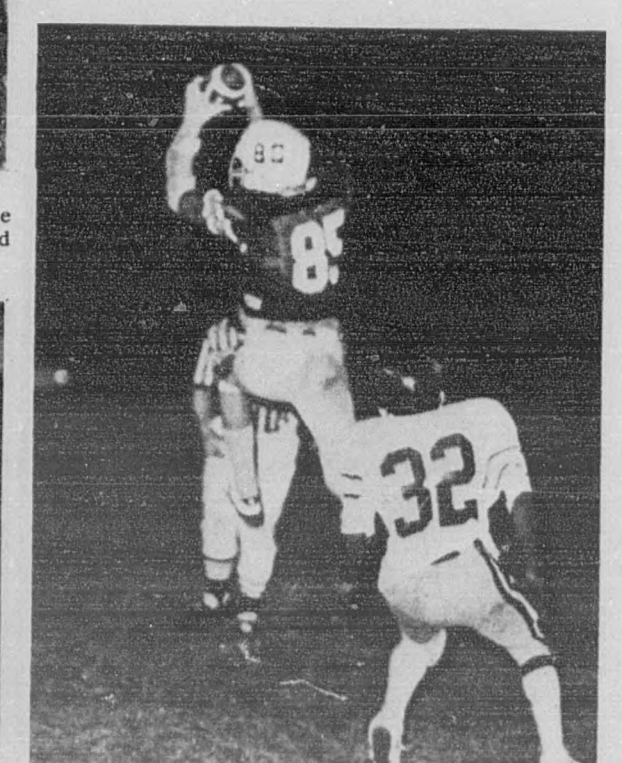

Kinston put together a 55-yard drive late in the game that reached the Red Level 15-yard line, but it was

Bulldog quarterback Darren Smith (12) fires a pass toward the sidelines during action in Kinston's opening loss to Red Level.

Kinston's Ronald Thorn (42) stops a Red Level runner for a short gain.

Kinston tight-end Shane Smith (85) goes high to grab a pass in fourth quarter action.

Coffee County Board of Education

The Coffee County School System announces that applications are now being accepted for the following vacancy for the 1980-81 school year:

1. **Health Occupations Instructor**—placement will be at the Coffee County Area Vocational Center in New Brockton, Alabama.

MINIMUM QUALIFICATIONS—Certification for a Type III Certificate in Health Occupations Education from the State Department of Education in Alabama. Persons with supervisory experience will receive top priority.

The following employment procedures will be adhered to:

1. An application may be received from the Coffee County School System at the following address:

Coffee County Board of Education
John W. Vaughan, Superintendent
P.O. Drawer D
Elba, Alabama 36623

2. Applications are to be submitted to the address listed above.

3. An interview will be scheduled beginning September 1, 1981, through September 15, 1981.

4. All interviews will be conducted by appropriate principal and/or coordinator.

5. Recommendations will be submitted to the superintendent by principal and coordinator.

6. The superintendent will make recommendations to the School Board for action.

7. All applicants will receive written notification of action taken regarding the vacancy applied for.

Elba City Schools Begin Classes Without Problems

By NITA LACKY
Elba City Schools got off to a smooth start last Friday, according to all three principals.

The elementary school began the new year with an enrollment of 456, which was about what they had expected, Principal Marion Brunson said. "We had a good school day Monday," he said. "All the parents have been very cooperative in bringing their children and helping get them settled in their rooms." The children are excited to see their friends, he added, and the pre-schoolers are excited about this big step in their lives.

The elementary school has a new librarian this year, Mrs. Jonie Doggett replaced Mrs. Lilly Williams, who retired at the end of last year.

They also have a new first grade and special education teacher, Mrs. Pam Smith will take over the first grade teaching position left open when Mrs. Ida Carlisle retired last year; and Miss Chaldonia Davis replaced Miss Erma Smith as special education teacher. Miss Smith resigned to move to another school system, Mr. Brunson said.

The fourth grade has been moved to the middle school this year, which will contain grades 4-6. The seventh grade has been moved to the high school. Enrollment is up this year in the middle school from 294 at the end of last year to 317. This is the largest enrollment ever for the middle school, according to Principal Charles Pearce.

They have a new fifth grade teacher, Mrs. Beth DuBois. This is a new position created because of a large fifth grade enrollment this year.

"We had a tremendous first day," Pearce said. "We were afraid that construction problems would delay the opening, but because of the personal efforts of the teachers and other employees, everything went smoothly."

A new roof was being put on the middle school, which meant that the air conditioning and heating equipment had to be taken down. Everyone worked hard and the work was completed at 8:30 Thursday night before school began on Friday, Pearce said.

Enrollment at Elba High School was about what they had expected, Principal Lamar Foley said. They had more eighth graders than planned, however. There are 114 eighth graders enrolled, and they had planned on having only 92. Total enrollment for grades 7-12 is 647.

The high school has a new welding instructor this year, David Banstra is replacing Donald Lawford, who shifted to a new position within the school.

Also, Mickey Cannon is replacing Jerry Kirkland as driver education instructor and coach. Kirkland moved to another school system.

At the high school, "Everything is going as planned," Foley said.

If you have a healthy interest in the food you eat, here's some nutritional information you should find nourishing.

• Vitamin C, what many experts refer to as the "glue" that holds the body together, is water soluble, and cannot be retained in the body for further use. It must be "reapplied" every day.

Child's life under constant monitor

Two weeks ago, 17-year-old Sherri Maddox of Elba found herself reliving a horrible nightmare that had occurred only a year ago when she and her husband, Gary, found their 2½-month-old son dead in his crib. An autopsy performed on the baby listed the cause as "crib death." This time, she discovered her five-month-old son, Jamie Shannon, had stopped breathing during his sleep.

Until that time Jamie seemed to be a perfectly healthy baby, strong and not plagued with a breathing problem which seemed to be hereditary in Mrs. Maddox's family.

However, on the way to an Opp hospital, the baby stopped breathing three times, but his parents were able to revive him. During his stay in the hospital, doctors discovered the child does not have enough antibodies in his lungs to effectively fight diseases. Therefore, they advised the parents to keep a constant watch on the baby and recommended that a heart monitor be used with the child whenever he is sleeping or laying in bed.

"The doctors told us that they don't feel that Jamie will be safe until after he is a year-old, without being connected to this monitor," said Mrs. Maddox.

Mrs. Ann Dodson, the child's grandmother, said, "They sent us home from the hospital Tuesday (August 24) and we were supposed to have a monitor, but we couldn't afford one."

Since there was no electronic machine to monitor the child's breathing and heartbeat, Mrs. Dodson, her daughter and son-in-law had to maintain an around-the-clock vigil over the baby for two days before they were able to obtain funds to lease a monitor.

Officials with the Department of Pensions and Security (DPS) have checked on any government funds might be available in such cases, but so far have not been able to find any.

A fund has been established at Elba Exchange Bank to aid Jamie's parents in paying for the monitor. Anyone who is interested in donating to the fund can do so at the bank.

When connected to the equipment, Jamie's breathing and heart rate are monitored. If he stops breathing, an alarm sounds and Mrs. Dodson said the baby is jerked up immediately and shaken, his breathing will resume, said the grandmother.

According to Mrs. Dodson, four of her children were also diagnosed as having a lack of antibodies in their bodies, which resulted in critical medical problems when they were young.

She noted that her daughter also thinks her first child was probably affected with the same disease which resulted in his death.
